

One planet

inform with care

Be a Partner of the Consumer Information Programme

The One Planet network is the implementation mechanism of Goal 12 of the [2030 Agenda for Sustainable Development](#). Goal 12 aims to achieve sustainable consumption and production (SCP).

The [Consumer Information Programme](#) (CI-SCP) is one of the six programmes under the [One Planet network](#) working together to shift towards SCP. The CI-SCP is currently co-led by:

Federal Ministry
for the Environment, Nature Conservation
and Nuclear Safety

Ministry of Environment and Forestry
Republic of Indonesia

What are Partners?

Organisations or individuals agreeing with the goals and objectives of the CI-SCP can join the collaborative network of the programme and commit to contribute to its activities.

A One Planet partner:

- Agrees to actively represent the programme
- Provides advice and guidance, based on respective areas of expertise, to strengthen the programme and its activities towards more sustainable consumption and production
- Participates in specific activities of the CI-SCP (e.g. working groups)
- Reports relevant activities about their work on consumer information to ensure it is well reflected in the CI-SCP portfolio and to enable the programme to identify synergies and build cooperation among all actors

Benefits?

- ✓ Joining a collaborative, established network working towards achievement of SDG12
- ✓ Opportunities to collaborate with other organisations
- ✓ Showcasing your work through the international network of programme actors, the One Planet network website, and our newsletter and events

Join us & be part of a global platform on consumer information for sustainable consumption and production.
